- **Flight itinerary (Flight number and arrival time)**

After getting all documents, the hotel shall send you the payment link to settle the payment. Once complete, we will send you your booking confirmation to further process with Thailand Pass.

Instructions

- 1) The PIYAVATE hospital will pick you up from the airport directly and take you to their location.
- 2) They will do the drive-thru test at PIYAVATE HOSPITAL and then send you to the Hotel.
- 3) We will check you in to your room. Sadly, the requirements at the moment do not allow you to leave the room until the result has come back negative.
- 4) Result is guaranteed within 12-24 hours after the test. However, since you will be doing early morning it might well be that you receive it same day.

By rules and regulations under the new Test & Go scheme, the hotel requests all Test & Go guests to stay in their rooms until the hotel staff contact you that the test results come out negative. In case the results come out positive, you will be escorted to our partnered hospital.
