ProPak Asia 2027: Driving the Future of Advanced Manufacturing

The global processing, packaging, and manufacturing landscapes are evolving at an unprecedented pace. Driven by AI, automation, digital transformation, and sustainability, staying ahead is no longer just an advantage—it is a necessity for survival. As Asia's leading processing and packaging exhibition, ProPak Asia 2027 is your ultimate gateway to business growth. This is where global technology providers, progressive manufacturers, and industry professionals converge to advance the manufacturing landscape through innovative technologies and collaborative growth.

Sustainability: Engineered for Next-Level Impact

Beyond technological advancement, ProPak Asia 2027 champions sustainability as a critical strategic advantage. Optimizing environmental goals within operational reality is the defining challenge for today's industry leaders. As the premier deployment ground for sustainable innovation, we showcase scalable green technologies while demonstrating eco-friendly exhibition practices across the entire event. By bridging the gap between theory and execution, we prove that ecological responsibility and business growth can accelerate together.

ProPak Asia 2027 is a must-attend event to stay at the forefront of a smarter, more sustainable manufacturing future.

PROPAK ASIA

“Industry Voices”

“

ProPak Asia brings a very diverse audience, and within this variety, we are able to meet the specific target customers we are looking for. These visitors are actively seeking innovations in industrial automation and digital transformation, which can be found right here. ProPak Asia is the place where innovation meets industry leaders.

Dr. Anukoon Asawachatroj
Manager Integrated Architecture
Rockwell Automation
Thai Co., Ltd.

“

At this year's ProPak Asia, we are thrilled to introduce exciting new innovations to the Thai market, designed to help our customers optimize costs while fostering a sustainable future. ProPak Asia is the place where we shape the future of food and packaging together. See you at ProPak Asia 2027.

Ewout Bles
Managing Director
GEA (Thailand) Co., Ltd.

“

WPO is a long-standing partner of ProPak Asia. Now established here at IMPACT, the show has grown tremendously, attracting visitors from across the globe. It serves as a global stage to understand the latest packaging trends, while providing access to cutting-edge technology. It is truly worth it to come to ProPak Asia. We look forward to welcoming you here to build new business, find new partners, and discover advanced solutions.

Luciana Pellegrino
President
World Packaging
Organisation (WPO)

“

We have partnered with ProPak Asia for over six years to shape the future food industry together. I think the show hits the right spot with this expanded venue, putting all the jigsaw pieces of the industry stakeholders together. The show features a fantastic layout that makes it easy to navigate and find everything—from suppliers and cutting-edge technologies to insightful conferences and summits. You will definitely find incredible opportunities here.

Santi Abakaz
CEO/Co-Founder
Future Food Hub

“

It is very important for us to be here to listen to the market, understand the challenges out there, and come up with our own solutions. This is the perfect opportunity to demonstrate how we implement our highly efficient technologies. Ultimately, ProPak Asia is the place where we meet our customers and partners to co-create successful solutions for the future.

Christophe Lopez
Chief Commercial Officer
LEIBINGER - GROUP

“

ProPak Asia is the most professional exhibition for processing and packaging. We can get countless opportunities for business, as well as meet many customers and partners. ProPak Asia is the place where technology and business opportunities come together. See you at ProPak Asia 2027.
